

Music

Look at a picture of an angel or read one of the Bible passages we've used in the SMSC/RE section.

What kind of music do you think would go well with it? Would it be a piece of music with different types of sounds? A loud piece with crashing cymbals? A quiet and tranquil piece?

What instruments would make these sounds?

Are your ideas the same as your friends?

Have a go at trying to compose a piece of your own music in response to a stimulus relating to angels.

Music

Below is a song written by James Blunt. It's his response to seeing someone pass by, and the effect it had on him. Can you use some of his ideas and write your own song to reflect what a modern-day angel might look like?

My life is brilliant.
My love is pure.
I saw an angel.
Of that I'm sure.
She smiled at me on the subway.
She was with another man.
But I won't lose no sleep on that,
'Cause I've got a plan.

(Chorus):
You're beautiful. You're beautiful.
You're beautiful, it's true.
I saw your face in a crowded place,
And I don't know what to do,
'Cause I'll never be with you.

Yes, she caught my eye,
As I walked on by.
She could see from my face that I was,
Flying high,
And I don't think that I'll see her again,
But we shared a moment that will last till the end.

(Chorus):
You're beautiful. You're beautiful.
You're beautiful it's true
I saw your face in a crowded place,
And I don't know what to do,
'Cause I'll never be with you.

(La-la-la-la, La-la-la-la, La-la-la-la, Laaah)

(Chorus):
You're beautiful. You're beautiful.
You're beautiful, it's true.
There must be an angel, with a smile on her face,
When she thought that I should be with you.

But it's time to face the truth,
I will never be with you.
