

FAU CALMING SOS

PROTOCOL

PRODUCTS YOU'LL NEED

- Fau SOS Cleanser
- Signature Bakuchiol Peel
- SOS Toner
- SOS Ampoule
- SOS Serum
- SOS Cream
- SOS Cream MD
- SOS Sheet Mask

BEST FOR

- Irritated
- Red and Sensitive skin
- Acne

TREATMENT

Cleanse

Cleanse with the Fau's SOS Hydra Foaming cleanser

Exfoliation

Apply Fau's Signature Bakuchiol Peel with a brush and remove it after 7 minutes. Apply SOS Toner.

Dermal Infusion

Apply SOS Ampoule in sections and using an iontophoresis device (we use the cryo tool on the Hydro Cool) to allow better penetration.

Mask

(Without removing the product) Apply SOS Sheet Mask and remove after 10-20 minutes. Use dermacoolers (or the Hydro Cool cryo) to massage and help the serum absorb.

Final Steps

Apply SOS Serum until well absorbed. Follow with SOS Cream, SOS Cream MD (for severely compromised skin) and SPF.
