Silicone Mold Lids

Designed to be interchangeable between the molds.

Prevent freezer burn and ensure food safety when storing in the fridge or freezer.

Saves space by allowing the molds to be easily stacked on top of one another.

The semi-transparent lids make identifying the type of food in the mold quick and easy

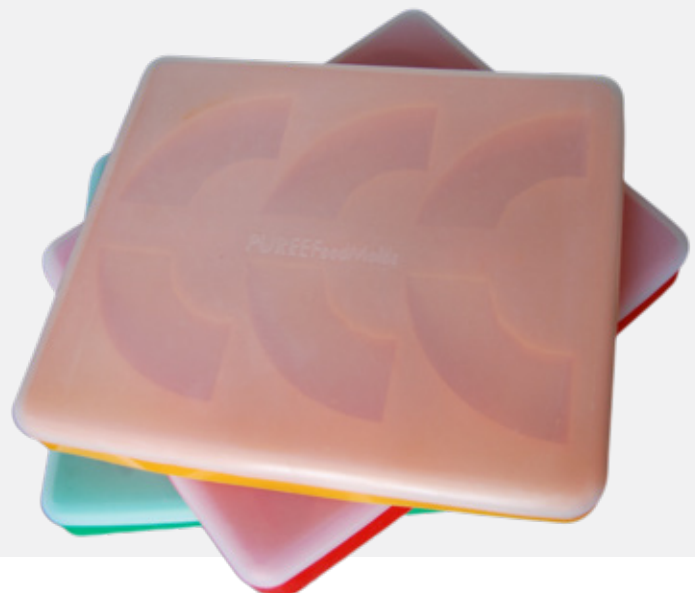

Sliced Meat PFM10
Serves 4

Chicken Leg PFM12
Serves 8

Thickener FMT1 (500g) / FMT2 (1kg)
