ABOUT

Amp is a range of small lamps inspired by old tube amplifiers from the 1960s. The unique shapes and classic materials of marble and glass add a nostalgic and at the same time, contemporary feel to Amp. The lamp collection produces a beautiful and comfortable light, and the sophisticated design can form a part of many different interior decors. Hang one Amp Lamp in the hallway, in a corner of the living room, or create a cluster of Amp Lamps over your dining room table for modern ballroom effect.
