ABOUT

The Chimney Lighting is a warm and ambient light that enhances its beauty with the help of Lycra. Inspired by the chimney and its color and soft feeling, the wooden handle features the form of a simplified chimney. The hole on the Handle has its reasons, for example it can be hung on a hook or at the end of the string from the ceiling. A leather strap on back face of lighting adds more analogue feeling into it. A neat style to integrate in a roomy space.
