DISK PENDANT LAMP

PENDANT

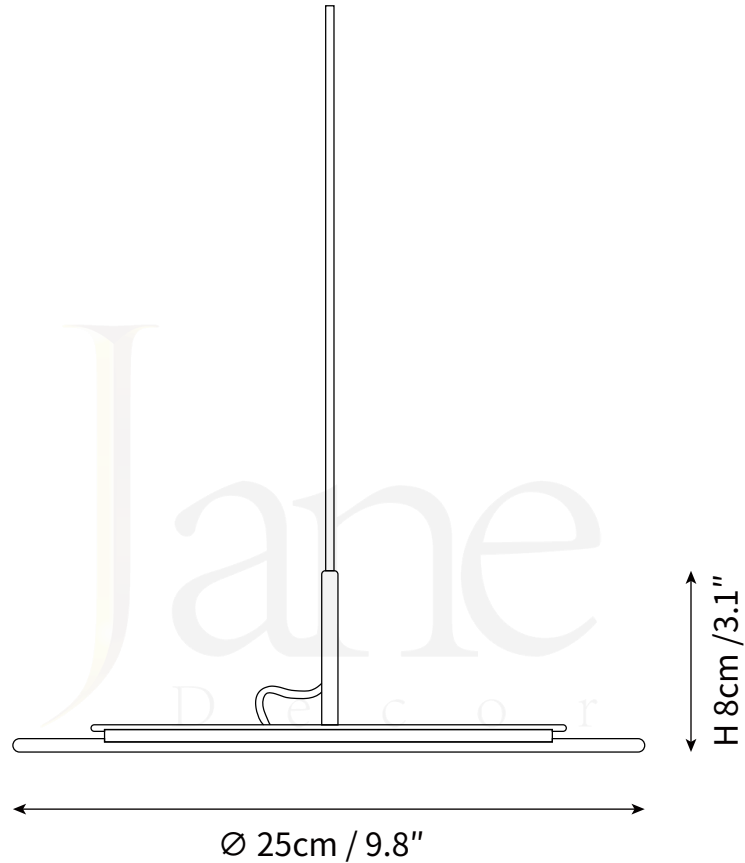

SPECIFICATION SHEET

ABOUT

The disk pendant lamp is made of metal which is an important part of modern architecture. Disk Pendant Lamp uses this material in an innovative kind of way. Hang the lamp on its own or use several lamps as a composition at different heights. Aptly named, Disk Pendant Lamp ensures precise lighting, its concrete shade pulling the cable taut, and lighting the room with a strong and handsome presence. Disk Pendant Lamp is singularly industrial, using light to place a conventional material like aluminum+metal in an unconventionally elegant context.
