ABOUT

A central metal column holds more than 5 meters of spiraling, laminated band, enveloping, protecting, and sifting the light for beauty and comfort. Several different types of light coexist here: direct downward light, indirect reflected light, and a light that sneaks between the edges of the spiral, illuminating the fixture itself with a warm, homey glow.

LEAD TIME

4 - 7 weeks

LIGHT SOURCE

Integrated LED,
Warm White (2700K to 3300K),
Cool White (3300K to 5300K),
Not dimmable

INSTALLATION

Ceiling mount
