08 March, 2021

Dear Sir/Madam,

Japan Airlines Australia currently operates passenger and freight flights in Sydney, Melbourne, Brisbane, Perth and Adelaide, and our airport ground staff wears high quality AMD mask that meet N95 standard regulation on daily basis.

In particular, staff who come into contact with returnees from overseas, including high-risk passengers, have highly evaluated this mask by allowing them to work with peace of mind.

We highly recommend AMD mask for its highest quality but also for stable supplies at a reasonable price, especially for frontline workers who come in contact with high-risk people.

Yours faithfully,

Seiji Takaramoto

Vice President & Regional Manager  
Australia & New Zealand  
Japan Airlines Co., Ltd.
