Lateral Plungers · smooth, without seal, with female thread

Product Description

To be used for positioning and applying pressure, e.g. during painting and sandblasting.

Material

Body

• Aluminium

Threaded washer

· Steel, blackened

Spring

Stainless steel

Assembly

Formula for calculating the center distance for the mounting hole:

 $I_0 = z/2 + w + x$

 I_0 = center distance,

y = workpiece height,

w = workpiece length,

x = stroke

z = stop diameter

Calculation dimension x for workpieces: x =

 $d_2/2 - s$

Installation by pressing in.

Characteristic

Light spring load = spring from stainless steel

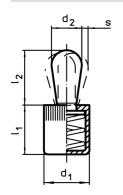

More information

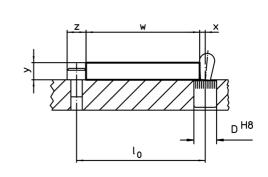

Individual set screws can be screwed in the plate with threaded hole.

Further products
