# Ball-Ended Thrust Screws. headless, ball protected against rotating 22700.0565

## **Product Description**

For clamping and supporting of surfaces that are not exactly parallel. Maximised load transmission due to moveable ball.

### Material

### Ball

· Ball-bearing steel, hardened

#### Screw

Heat-treated steel, 1200 ±100 N/mm<sup>2</sup>

## More information

#### **Notes**

Ball protected against rotating. Special types on request.

Thread lock on request, please refer to appendix - Technical Data -

## **Further products**

- · Ball-Ended Thrust Screws, headless, flat-
- Ball-Ended Thrust Screws, headless, with fine-pitch thread
- Ball-Ended Thrust Screws, headless, flatfaced ball and hexalobular socket
