

Ball-Ended Thrust Screws• headless, with fine-pitch thread

22720.6242

Product Description

Also for positioning, clamping, tightening or supporting of surfaces that are not exactly parallel. The fine-pitch thread allows a precise adjustment. Maximised load transmission due to moveable ball.

Material

Ball

- Stainless steel, hardened

Screw

- Stainless steel 1.4305

More information

Notes

Fully rotating ball.
Special types on request.

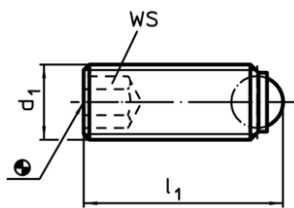

References

Thread lock on request, please refer to appendix - Technical Data -
