# Clamps. slotted, with adjustable counter piece, with stud with internal hexagon 23185.0324

# **Product Description**

The thrust pad and the counter element are connected with the clamp and therefore secured against loss. Consequently, the clamp is quickly ready for use. The clamp is equipped with two flat noses and can be turned around depending on the case of application.

#### **Material**

#### Screw

· Heat-treated steel

#### Nut

· Heat-treated steel

### Disc

· Heat-treated steel

## Clamp

 Steel, tempered, zinc-plated by galvanization, black

#### **Assembly**

The internal hexagon in the stud enables quick assembly and disassembly.

#### More information

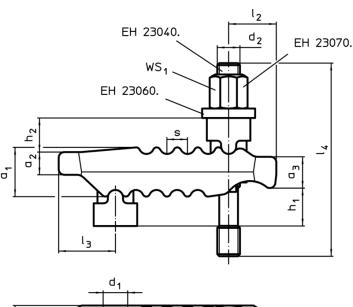

#### References

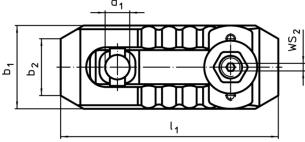

Larger clamping heights can be reached by the use of a support extension (EH 23185.).

#### **Further products**

· Support Extensions, for straight clamps, slotted, with adjustable counter piece
