# Torque Handles 24710.0030

## **Product Description**

The handle with integrated torque mechanism allows a defined torque limination during tightening.

Reaching the torque results in a "over-locking". For releasing the torque is transmitted indefinitely.

#### **Material**

#### Cap

 Thermoplastic PA 6, light grey, similar to RAL 7035

## Torque mechanism

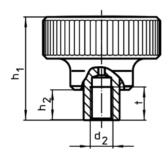

• Steel, hardened

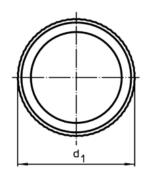

· Aluminium, black anodised

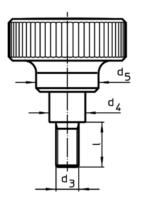

### Inner part

• Steel, blackened
