# Torque Handles 24710.0042

## **Product Description**

The handle with integrated torque mechanism allows a defined torque limination during tightening.

Reaching the torque results in a "over-locking". For releasing the torque is transmitted indefinitely.

## Material

#### Сар

 Thermoplastic PA 6, light grey, similar to RAL 7035

## Torque mechanism

• Steel, hardened

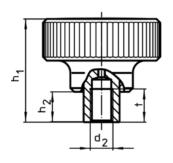

## Body

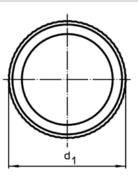

• Aluminium, black anodised

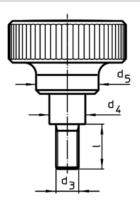

### Inner part

Steel, blackened
