

Freer Tool Employees

Dear John Fulton,

I am writing this letter today to commend not only yourself, but also your truly dedicated employee's. The staff at Freer Tool did a tremendous job on the very complicated bronze and delrin adapter details. It is always an honor as a purchaser of manufactured goods to work with firms of such high quality and dignity.

In closing, please relay this message of gratitude on a job well done by the Freer Tool team.

Kind Regards,

Terry MacDonell

Buyer

Durr Production Systems, Inc.

Interoffice Memorandum

To: TO WHOM IT MAY CONCERN
From: Charles (Ken) Howitt
Subject: RECOMMENDATION OF FREER TOOL
Date: 2/19/01

In May of 2000 Freer Tool was awarded the contract to design and fabricate new N.C. locators and pressure feet for the Saturn LS and LW product changes to accommodate the addition of side air bags.

Freer Tool came out to Wilmington to get a clear picture of the task at hand and did an excellent job of keeping us informed of the progress that they were making.

The dimensional Quality of the details were perfect and required very little shooting of the fixtures to bring them into nominal, thus making this a very speedy install with no stop in production.

Their customer service was also very good and very fast in their reply to any questions that arose.

I would highly recommend Freer Tool and would certainly welcome doing business with them in the future.

A handwritten signature in black ink, appearing to read 'C. Howitt'.

To Whom It May Concern,

This letter of recommendation is in regards to Freer Tool & Die, Inc. I have been dealing with this company for the last six years, and strongly recommend their machining services. The work they have produced is of high quality and they have met the timely deliveries that were asked of them.

Freer Tool & Die, Inc. doesn't settle for less than precision work and strives for continuous improvement.

Please feel free to contact me should you have questions or require any further information.

Sincerely,

A handwritten signature in black ink that reads "Mike Johnston". The signature is written in a cursive style with a large, sweeping initial 'M'.
