

WORLD smallest KITE

FESTIVAL FUN

Roaming Vendors with PopUp Kite Shop offer Spectacular Dynamics and Entertainment for ages 5-105

Irish based WORLDsmallestKITE is an experienced service provider to Outdoor **Event Organisers** throughout Europe. They offer professional kite-flying demonstrators that add colourful dynamic entertainment to compliment family, food and music festivals. Festival goers join in the fun with a free test flight or check into the pop-up shop to choose a beautiful colour of diamond, flag and butterfly kites. The tiny kite is just 4½ inches tall and fits in the pocket.

No stall space is required as each flyer follows the breeze teaching onlookers how to unpack and pilot their kite. Every kite is quality crafted to Toy Industry Standards and suitable for ages 5⁺.

We invite you to contact us to discuss dates, footfall, layout and location before negotiating vendor numbers and contribution to the event.

Plenty more information and videos online. It's a popular service so remember to book us early!
