

8-PORT 10/100MBPS ETHERNET FAST SWITCH

BL-SF801

- Ethernet Standards : Comply with IEEE802.3, IEEE802.3i, IEEE 802.3u, IEEE802.3x, IEEE802.3az
- Support :
 - 8 x10/100Mbps Auto-negotiation RJ45 ports, support auto MDI/MDIX;
 - IEEE802.3x flow control for Full-duplex Mode and backpressure for Half-duplex Mode;
 - IEEE802.3az energy-efficient Ethernet (EEE) technology 1K entry MAC address table of the switch with auto-learning and auto-ageing
- Indicators : LED indicators for monitoring Port Link / Activity
- Install and Use : External power supply, exquisite design, suitable for desktop install and use
