Wonderful, Every Day

8 Port Ethernet Switch with Metal Casing 10/100

BL-SF1008M

FEATURES

Complies with IEEE802.3, IEEE 802.3u standard

Adopts IEEE802.3x for full-duplex and Backpressure for Half-Duplex

8* 10/100Mbps auto-negotiation RJ-45 ports (auto MDI/MDIX)

Adopts store-forward technology, providing full wire forwarding speed to assure the integrity of data

MAC addresses auto-learning and auto-ageing

Independent bandwidth for each port, and real non-blocking data transfer

Support both DC 5V and 5~24V passive PoE power supply which is convenient to deploy

Ethernet Port

Ethernet Network

Ethernet Cable

TECHNICAL SPECIFICATION

CPU Chipset	RTL 8309N
Standards	IEEE802.3, IEEE 802.3u, IEEE 802.3x
Ports	8* 10/100Mbps ports
MAC address	1K
Backbone bandwidth	1.6G
Filter and forward speed	10Mbps : 148800pps 100Mbps : 14880pps
Cabling Type	10BASE-T : UTP category 3 and above 100BASE -T : UTP category 5
LED indicators	Power, Link/Act
Dimensions	121mm*60mm*27mm
Power Supply	DC 5V 1A
Operating temperature	-20~+70°C
Storage temperature	-40~+85°C
Operating Humidity	10%~95% RH non-condensation
Storage Humidity	10%~95% RH non-condensation
