Task Cards and Scoot! Game #5

Grades 2-4

by Jen Sykes
Hello Mrs Sykes

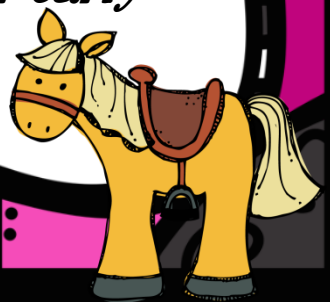

Scoot! Task Cards

Prefix/Suffix Game #5

(A group game or task cards)

Directions: Each student gets a copy of the grid. I give mine a clipboard to use with it. Place one task card on each desk, moving in order around the room. Students will move from desk to desk, reading the task card you put there and answering it on their grid. If they are at number 1 card, they answer in the number 1 box. When you say SCOOT, they move to the next desk. So if a student is starting at number 12 task card, they move to number 13 task card, and so on. For management sake, it is helpful to take a couple of minutes and have students practice moving from desk to desk before doing the actual game. When you say "Scoot," all students should practice moving to the next task card. The student who begins at card #23 will move to #24, then to #1, #2, etc. Play continues until students move through and answer all of the task cards.

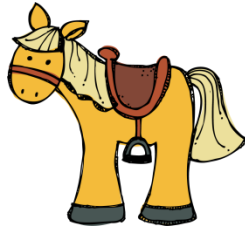

Note: *These make fantastic task cards for early finishers!*
