### FELTING

Place bag in washing machine on medium water level. Using a small amount of wool wash or detergent and hot water, allow machine to agitate for approx. 10 minutes. Stop machine and check progress. Continue checking every 2 – 3 minutes until bag is densely felted. Remove bag and drain water. Replace bag in machine ensuring there are no folds and run spin cycle for 1 minute. Remove from machine, shape bag (you may wish to stuff it with plastic bags or an old colourfast towel) and allow to dry thoroughly. DO NOT PUT IN DRYER, as this may warp the shape.
