RIDE LIKE A PRO
THE CLOSEST YOU CAN GET TO PEDALING LIKE A PRO

PRO - RIDER FEELINGS

Not all of us have the time or strength to train like pros.
Not all of us can hold impossible wattages or climb
mountains without our hearts racing.

But we all share something powerful — the love for
cycling, the drive to push ourselves, and the thrill of
feeling, even for a moment, like our heroes.

Introducing the New Mistral

The closest thing to being a Pro Cyclist.

NEW MISTRAL
THE CLOSEST THING TO BEING
A PROFESSIONAL CYCLIST
LIVE IT. ENJOY IT. CONQUER
YOUR PEAK.

A dynamic, low-angle shot of a cyclist riding a road bike. The cyclist is wearing an orange jersey and black shorts. The background is a blurred green landscape with a paved path. The text is overlaid in the center of the image.

CHAMPION DNA

The Mistral blends the best of the Belador and Allroad.

It inherits the race-ready geometry and design of the Belador for lightweight high-performance riding, and pairs it with the Allroad's comfort and versatility, ready to tackle any terrain and deliver an unforgettable experience.

Powerful. Natural. Electric.

Feel like you've got a champion's legs.

Every challenge becomes a chance to break your limits and reach the performance you've always dreamed of.

MISTRAL

ELECTRIC EFFICIENCY

The New Mistral is Berria's lightest and quietest electric road bike, crafted with top-quality carbon and premium components.

With pedal assist and a range of up to 120 km, it lets you ride in comfort and speed.

Ultra-light, exclusive, and reliable — it's the perfect bike for your epic adventures.

55 N M - 400 W H

MINI REMOTE

Simple and intuitive, it provides clear information without distractions and integrates seamlessly into the top tube.

600 WATTS / 55 N.M.
2 KG.

PERFORMANCE LINE SX MOTOR

Equipped with the new Performance Line SX motor – lighter, more compact, and more efficient than ever. Designed for riders who seek speed, agility, and freedom on both road and gravel.

APP eBIKE FLOW

Customize assistance levels, plan routes, record rides, lock the motor, and access ride stats.

Enjoy your Mistral on a whole new level.

400 WH.
2 KG.

BATERIA COMPACTTUBE 400

For those who demand power and style. The Bosch battery is fully integrated into the frame, delivering a clean and consistent look without compromising the Mistral's performance.

RIDE LIKE A PRO

Lightweight, comfortable, and powerful.
You'll feel unstoppable.
Capable of conquering any challenge
and beating any rival — even going
toe-to-toe with a pro.

Welcome to your new self.

12,7 KG

LIGHTWEIGHT

Thanks to precise carbon engineering and lightweight components, the bike weighs just 12.7 kg without compromising performance or structural rigidity.

50 mm TIRE CLEARANCE

The fork allows tires up to 50 mm, offering greater versatility to adapt the bike to your terrain or riding style.

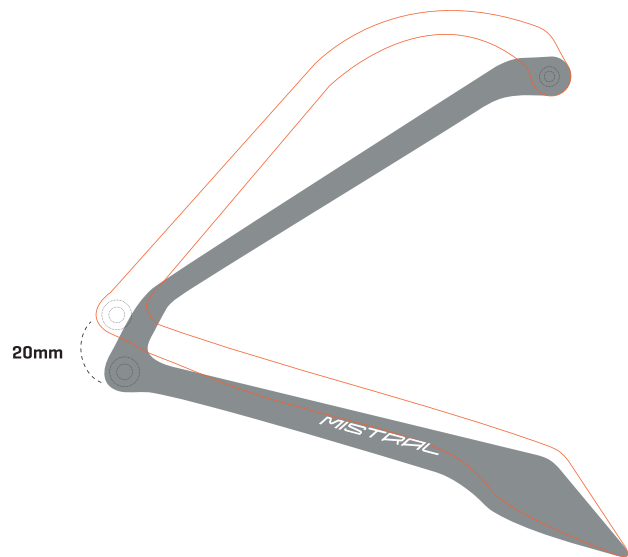

1.3 KG MISTRAL CARBON FRAME

With just 1.3 kg, the new frame carries the racing soul of the Belador — a true climber: compact, efficient, and reactive. Turn your energy into speed and your speed into victory.

SOFTEX COMFORT TECHNOLOGY

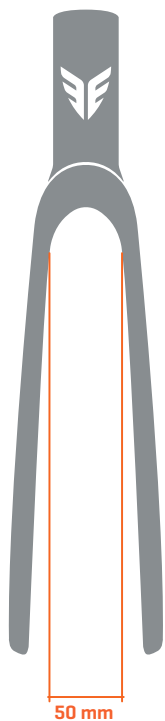

Provides up to 20 mm of progressive flex on the rear stays for added comfort, traction, and stability over uneven terrain — ensuring efficient power transfer.

SOFTEX COMFORT TECHNOLOGY

Provides up to 20 mm of progressive flex on the rear stays for added comfort, traction, and stability over uneven terrain — ensuring efficient power transfer.

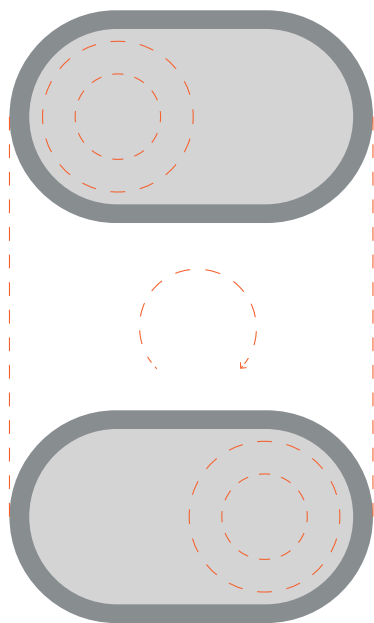

50 mm TIRE CLEARANCE

The fork allows tires up to 50 mm, offering greater versatility to adapt the bike to your terrain or riding style.

DOUBLE-AXIS FORK

With Dynamic+ technology, the fork adapts to your riding style.
A simple flip-chip switch transforms the bike from reactive to stable
depending on your route.

87 g SEATPOST

Aerodynamic with a reduced frontal area, it weighs only 87 g. Available in 0 mm and 20 mm offset options for optimal ergonomics.

DOUBLE-AXIS FORK

With Dynamic+ technology, the fork adapts to your riding style. A simple flip-chip switch transforms the bike from reactive to stable depending on your route.

AIRONE HANDLEBAR

Our 320 g handlebar is designed exclusively for enhanced stability, grip, and control — giving you greater confidence in braking and cornering.
