

MAXIMIZER

Electric Pizza Ovens

General Features:

- **Quality Construction** for long life
- **Stainless Steel Front Standard**
- **Large Capacity**
2,688 sq. inches of available cooking space. Holds (8) eight 16" pizzas
- **Pizza Decks Standard**
Large 42"x32"x7" compartment
1" pizza stones
- **Unique Interior Design**
Better distribution of heat
- **Energy Efficient**
Energy-saving tubular elements coupled with our unique baffle system for even heat and better baking
- **Full Range Digital Thermostat**
300°F - 650°F (149°C - 343°C)
Precise temperature control
- **Solid State Relay**
Silent operation
- **Space Saver**
Only 50" wide
- **Easily Serviceable**
All controls can be replaced from the front of the unit
- **Power**
Electric
Single phase standard
Three phase optional
- **Top Heat Control** 
Balances oven heat
- **Specific Features** of the CE61PE listed on the back

Warranty:

- One year parts and labor

MODEL CE61PE

AVAILABLE VENTLESS!

WITH ADDITION OF VENTLESS HOOD (VL50)

Opening required for installation: 32"	* Handle adds 2.5"(6.4cm) to depth

Digital Electronic Controller

Adjustable Legs

Durable Construction

The CE61PE is built with *prime 20-gauge cold-rolled top and sides* with a 14-gauge base. The *interior is made of Armco Type 1, 20-gauge aluminized steel*. The CE61PE comes standard with a stainless steel front made of high quality, 18-gauge stainless steel; the door interior is 18 gauge stainless as well.

Energy Efficiency

The CE61PE is equipped with six (6) *energy saving tubular elements* and with our unique baffle system, makes the oven highly efficient and eliminates hot spots. The *heavily insulated walls* coupled with a no vent system, reduces heat loss and keeps the area safe for workers. The CE61PE is well powered by 12,000 watts, which enables it to have an extremely fast recovery rate.

Capacity

The CE61PE deck size measures 42"x32"x7" (2) decks in one oven. The top deck cooks almost as fast - and as well - as the bottom, providing outstanding capacity for your money. Actual cooking capacity depends on the size of the pizza you are cooking. The CE61PE will hold twelve (12) 12" pizzas, eight (8) 16" pizzas, or six (6) 18" pizzas. Cooking time will vary according to product, but will average between 8-10 minutes.

Space Saver

Because the controls are under the doors, the CE61PE requires *less installation space* than our competition. This enables you to free up valuable kitchen and/or hood space. The actual width needed is mere 50" for 42"x32"x7" (2) decks, almost a foot less than the competition. The CE61PE *can convert into a CE62PESC by stacking**, either initially or after your business grows. This option gives you four (4) 42"x32" decks in only 56" of space. (*will increase width)

Design Plus

The CE61PE has digital *controls in lower front for ease of operation and space savings*. This also places the controls in their own *air-conditioned area* so they are not affected by outside influences. In addition, the CE61PE has a new feature: *adjustable top heat control to balance heat between upper and lower decks*.
