

ING-100 8 mil Diamond Textured Black Nitrile Gloves

Compliant With Health Canada and ASTM D6319

At Medsup Medical, we are proud to apply our medical expertise to the development of our Industrial-All gloves. These gloves are crafted with the same level of care and precision that we bring to our medical products, ensuring that they provide reliable protection for heavy-duty tasks. With a focus on quality, durability, and safety, our gloves offer the ultimate combination of strength and precision, making even the most demanding tasks easier and safer to perform.

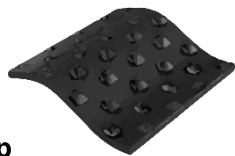

Industri-All gloves give the perfect balance between dexterity and protection. This product is powder-free and exceptionally durable with its superior abrasion and puncture resistance for heavy-duty tasks. This glove is ideal for workers in a variety of industrial applications, including automobile, construction, plumbing, painting, manufacturing, janitorial, food service, and extermination.

Channels Away Liquids

The diamond texture channels away liquids to ensure an excellent grip, wet or dry, to give you the best gripping power for heavy-duty tasks.

Increased Airflow & Grip

Reversed texture on the inside increases air circulation, generating less heat and sweat for optimal comfort.
