

MP-50-M3-C

Medical procedure mask

ASTM F2100 Level 3 certified

50 masks
40 boxes/case

This mask provides basic protection for high-risk procedures especially regarding splashes. It is ideal for appointments, medical exams, and meetings that involve human contact or proximity. Triple ply, latex free and ultrasonically sealed, this mask is designed to provide high splash resistance. With soft, elastic earloops and a malleable nose clip, it provides a personalized fit that promotes comfort and makes breathing easier. Excellent choice for medical procedures.

Ideal for healthcare workers, first responders, dental offices, beauty treatments and nursing homes.

Testing method	Description	Requirements	Results
ASTM F2100-21	Bacterial filtration efficiency (BFE)	≥ 98% @ 3.0 micron	99.9%
ASTM F2100-21	Differential pressure	< 6.0 mm H ₂ O	3.9 mm H ₂ O
ASTM F2299	Particle filtration efficiency (PFE)	≥ 98% @ 0.1 micron	99.9%
ASTM F1862/F1862M-17	Splash resistance	160 mm Hg	160 mm Hg
16 CFR Part 1610	Flame spread	Class 1	Class 1
SO 10993-10:2010	Skin Irritation Test of Face Mask and Nonwoven Fabric	Irritation Score	0
Material	3 ply, Polypropylene SBPP 70% and MBPP 30%		
Description	Non-sterile and hypoallergenic		
Color	Blue		
Earloops	Comfortable Polyester and Spandex elastic bands		
Dimensions	Mask: 17.5 cm x 9.5 cm Earloops: 16.5 cm		
Conservation	Store in a dry, cool and clean place. Avoid excessive heat (40°C).		
Expiration date	5 years after manufacturing date		
Manufactured in	Canada
