

MRKN95-20

kN95 protective face mask

For non-medical use

20 masks
32 boxes/case

The kN95 respirator mask helps provide respiratory protection against certain airborne particles. The folds of the mask increase the surface area for easier breathing. With a filtration efficiency of 95% or greater, this disposable respirator is designed to provide reliable, superior quality respiratory protection for the civilian sector.

Ideal for restaurants, grocery stores, construction sites, schools and for general use.
