

RADIAL POLE SANDER & ACCESSORIES

Radial Pole Sander

- 9" (229mm) diameter cast aluminum head won't flip over while in use
- Quick-change hook and loop paper fastening system
- No-flip swivel bracket prevents damage to drywall from unwanted flipping
- Rubber ring protects walls from gouging
- Use with 48ALUMB pole sander handle or any standard ACME threaded handle

EDI	Part#	Size-in	Size-mm	Inner/Outer
28931	RPS9H	9	229	1/6

Aluminum Pole Sander Handle

- Made from lightweight aluminum
- Rubber washer on threads keeps handle securely fastened to head during use
- Opposite end of handle threaded to accept additional handles

28944	48ALUMB	48	1219	1/12

Premium Sanding Disc

- Fits most 9" (229mm) sanders
- Quick-change hook and loop design
- High-fired aluminum oxide grit and tough paper core
- Grit optimized to provide a smooth, scratch-free finish on drywall compound
- More resistant to clogs and tears than economy-grade sanding discs
- Packed 5 sanding discs per folder
