# Concept

Modular exhibits

panoramic®
h-line

- Panoramic h-line is a trade show display system which allows you to easily create a custom exhibit using pre-assembled modules.

- With its full surface area competely dedicated to the graphic image, Panoramic h-line creates an unparalleled visual impact while also providing a full assortment of useful functionalities.

- Panoramic h-line is a perfect solution for those that would like an exhibit that is both modular and flexible for purchase or rental.

**5**

Modular exhibits

# Benefits

Five reasons to choose panoramic h-line

- Showcase your image

  Put the graphic image front and center! No visible aluminum profile means your message is even more effective and your exhibit carries **a true mark of quality.**

- Endless modularity

  All module types can be connected to one another - no restrictions! **Rest assured that you can use your exhibit in every space,** even those you have yet to consider. Panoramic h-line is a completely scalable solution that grows along with your company.

- Focus on the essentials!

  Each module has been designed to provide its own unique functionality (communicate, display, design, spread your message, store, and welcome customers). **You can pre-fit certain modules by adding optional kits for even more functionality.**

- Be creative!

  Distinguish your company by creating your own custom graphic or use our database of colors and patterns specifically chosen for Panoramic h-line. **Put a part of yourself in your exhibit!**

- CLEVER & SIMPLE

  Panoramic h-line requires **zero technical expertise** and is set-up without the use of tools. Set-up up the exhibit yourself, or with our assistance. Standard modules do not exceed a weight of 19 lbs. Set-up for a 20′ x 10′ exhibit takes less than 1 hour for 1 person.
**6**

# Concept

Formats

9.5″

19″

38″

93″
3 modules sizes:
9.5″, 19″ and 38″

Every panel is delivered with pre-installed graphics, just connect them!

push

turn

1/4

lock in place

All module types can be connected to one another

Result: no visible aluminum profile!

# 8 Graphics

- Dye-sublimated fabric graphics

- Features a silicone edge (SEG) attachment system, in which silicone is sewn into the edge of the graphic and is then inserted into the groove of the Panoramic profile.

- Extremely precise graphic dimensions ensure perfect graphic tension upon installation

- The right fabric for each use: opaque Panopac fabric for maximum visual impact and optimal color rendering, light-diffusing fabric for lightboxes and backlit frames

- Easy to transport and ship

Grommets provide optimal and durable cable management

**9**

# 100% modular:

13 modules, 4 shows, 4 configurations, 4 locations

Reconfigure your h-line exhibit to
suit your event, using the same
pack of modules each time

# 56 Process

Design and quote your exhibit in 4 easy steps and 30 minutes or less!

Welcome to the panoramic® h-line

## Creating an exhibit has never been so simple

**STEP 01**

● EXHIBIT SIZE
To start, choose the size and type of booth that you have rented: length, width, and number of open sides.

● MODULE CHOICE
At a show, every sq ft counts!
Welcome, display, store, spread your message...
Choose and position modules according to the functionalities you need.

**STEP 02**

**STEP 03**

● GRAPHIC WRAPPING
The most imporant thing at a show is to create a strong impact.
Upload your own creations or be inspired by our selection of colors, patterns, and material effects. Creativity has no limits!

● FURNITURE/FINISHING
The success of your exhibit is in the details!
To finish of the look, we offer a line of furniture, lighting options and additional finishing touches.

**STEP 04**

● RENDERING

● ESTIMATE
