MORELLI
GROUP

The Morelli Group Headlight Beam Setter is suitable for cars, motorcycles, and light commercial vehicles.

Quick and easy to use on all types of headlights including LED, Xenon, Halogen, and front fog lights.

Suitable for both left- and right-hand drive vehicles.

Ideal for garage and bodyshop use after accident repair, front end strip down, headlight replacement and pre-MOT checks.

Features of Headlight Beam Setter:

- Vertically adjustable light box with adjustable calibrated back panel
- Wheeled base allows easy checking of both off-side and near-side headlights
- High-precision glass visor and digital light meter

For use on headlights between 230mm and 1460mm. Working floor area **MUST** be flat and level.

Suitable for pre-MOT inspection and fulfils the legal obligation of the garage or bodyshop to return vehicles to the customer in a roadworthy condition.

Any prices are exclusive of VAT and subject to availability offer available whilst stocks last.
Prices and specification liable to change without prior notice.
