

Brushable Seam Sealant

Brushable Seam Sealant is a grey, synthetic, multi-purpose sealer for welded or bolted beams. It provides permanent adhesion to bare or painted surfaces, recreating an OEM appearance. It is permanently elastic and brushes out without sagging. It has been specially designed to protect overlap seams from the ingress of water.

Part No.	Description	Size
PERBSS-1	Brushable Seam Sealant	1 kilo

permanent adhesion

overpaintable

permanently flexible

reproduces OEM finish

seals gaps and seams

non stringing

will not sag

UV resistant

ADDITIONAL INFORMATION

APPLICATION

All surfaces must be thoroughly clean, dry and free from oil, grease, rust and contamination.

Apply a smooth even coat, always brushing in the same direction.

Do not apply more than two coats. Brushable Seam Sealant should be allowed to dry for at least two hours before overpainting.

Basis	Synthetic rubber
Specific Gravity	1.4kg/litre
Colour	Grey
Skin Formation Time	15 minutes (23°C 50% HR)
Flashpoint	4°C
Packaging	1 kilo can
VOC	496g/litre
Application Temperature	5°C - 40°C
Shelf-life	24 months
