Note:

1. Leader(s) in charge should note that for the safety of participants, the organiser may cancel the activity or change the place for holding the activity subject to the weather conditions.
2. Please stay alert and watch out for broadcasts and the weather change.
3. In case the above signal is cancelled two hours before an activity commences, above activities will be held as scheduled. But it should consider the actual weather and traffic condition in deciding whether or not to conduct the activity.
4. After cancellation of the warning signal(s), leader(s) may contact the HKFDF if they have any questions about whether the activity will be held as scheduled or postponed.
