E-mail: [sales@ggjia-led.com](mailto:sales@ggjia-led.com)

## Features:

- Integrated 120-277V photosensor optional.
- Die-cast aluminum housing is good for heat dissipation.
- ETL approved for wet locations.
- Surface mounts to standard junction box.
- Instant energy savings and potential rebate eligibility.
- No RF interference, No IR/UV radiation ,no mercury pollution.
- Long 50,000 hour rated life.
- Minimizes replacements and labor costs.
- Robust design protects the LEDs to withstand harsh outdoor environments.
- Easy installation and retrofit application

Die Casting Aluminum Heat Sink ADC12

SMD 2835 LED

LED driver, high reliable, offer 5 years warranty

## Specifications:

<b>Model</b>	RMS-L2118-30W
Power	30W
Luminous Flux	3600lm
Luminous Efficacy	120lm/w
Light Source	Epistar LED
Operation Temp	-40°C to +45°C
CTT	5000K
CRI	>80
Life Span	50,000 hours
Voltage	100-277VAC/50-60HZ
Beam Angle	120°
PT	>0.95
Warranty	5 Years

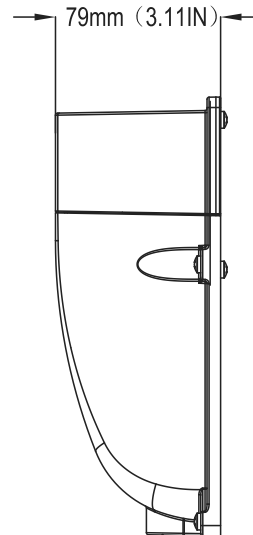

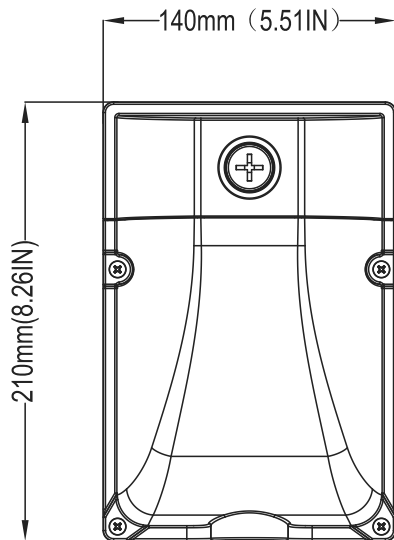

5 years warranty

## Dimension:

Unit: mm

## Application:

- Site Lighting
- Security Lighting
- Pathways
- Entrances
- Perimeters
