# REDUCE CLUTTER

*InvisiCab® arose from a desire to reduce clutter in bathrooms and complement a minimalist lifestyle by making storage 'invisible'. Toiletries are easily concealed to maintain clean lines and a sleek look in your new bathroom without having to compromise.*

## MINIMALIST DESIGN

Built into the wall frame and concealed with tiles, InvisiCab® is the perfect storage solution for a minimalist lifestyle.

## SUITS COMMON TILE SIZES

Two sizes are available to suit the most common tile sizes: 300 x 300 mm & 300 x 600 mm.

InvisiCab® fits within the tile area for an 'invisible' look.

## EASY-PUSH OPEN & CLOSING MECHANISM

High quality, push-to-open, push-to-close mechanism that will withstand the rigours of daily use.

A gentle press on the door provides smooth and quiet access to your hidden toiletries.

## POLISHED MIRROR-FINISH

The whole interior of InvisiCab® features a polished mirror finish for added convenience when shaving in the shower.

## INDUSTRIAL STRENGTH HINGES

Designed to hold the weight of the tiles mounted in the door frame and provide smooth operation.

## 316 MARINE-GRADE STAINLESS STEEL

The InvisiCab® is made from 316 marine-grade stainless steel, the same steel used on boats to resist salt water corrosion.

## WATER GLIDES AWAY EASILY

The bottom shelf edge is designed with an angled descent to allow water to easily glide off the surface and minimise cleaning.

# CHOOSE YOUR CABINET

## INVISICAB® 300

The InvisiCab® 300 is a compact storage cabinet that is designed to suit 300 x 300 mm tiles. Due to its compact size it is ideal for showers with limited floor space, or as a convenient storage cabinet for a bath.

CODE:  
IN3030      RRP \$299

## INVISICAB® 600

The InvisiCab® 600 is a large, **two-shelf** storage cabinet that is designed to suit 600 x 300 mm tiles. With two conveniently sized shelves the InvisiCab® 600 allows plenty of space for storing shampoo, conditioner, body wash, and more.

CODE:  
IN6030      RRP \$349
