# TED'S TRAVELS

**Braza** works with MDU (Making A Difference In Uganda) by providing medical support for vulnerable children and adults in Uganda. We bring doctors, nurses and students from around the world to participate in outreach programs in the Kampala and Entebbe area. We test for HIV, malaria, Covid and treat and give medications for many different ailments that could be life-threatening if not addressed. Below are some of the hundreds of recipients of mosquito nets, donated by **Braza**. These nets help prevent the ever-present and dangerous malaria-carrying mosquitoes. **The old guy** is me, Ted — at an outreach program giving vitamin A to the children. If you would like to volunteer\* or contribute, please go to: [Makingadifferenceinuganda.org](http://Makingadifferenceinuganda.org). \*It is a life-changing experience!

We also give out "MAMA kits" to women 9 months pregnant so they may enter the hospital and give birth safely.
