Schools & Educators

WE LOVE MATH!

Our new math games and kits are packed with engaging activities, making math more accessible and enjoyable

GAME KITS

Family Math Night Kit

5 stations to excite students about math, targeting key skills, and helping families engage with numbers in new ways.

Math Powerpack

Our 10 math centers span Grades K-5 and up, offering fun practice for students at school or home. Perfect for enrichment and intervention!

Junior + Senior Powerpacks

Our new multi-activity Home Kit will allow you to learn, play and enjoy fun new games you can do with your kids. Help your kids build strong mental math skills. Fluency starts at home!

Board Games

Double-sided dry-erase board games in our power pack offer easy and hard sides, expanding across all grade levels. They help develop skills with ten frames, decomposing numbers, number bonds, and forming equations.

CARD GAMES

Tang Cards

40-card deck ~ Like normal playing cards but the suits are TenFrame, Digit, Word and Fingers. No face cards included.

Numskill

Numskill is a fun game that focuses on number bonds, sequences, and color patterns, perfect for reinforcing math facts with first graders. The class loves playing it, and it's a great way to increase math fact fluency!

Expresso

TARGETS: Order of Operations, Equations, Mental Math, Problem Solving. This versatile game is great for all students and can be differentiated. It was particularly helpful for practicing order of operations.

FLASHCARDS

Smart Sums

Master addition with single-digit addends up to 10! This resource uses various representations for fun, intuitive learning. Clever rhymes provide hints and strategies for mastering basics through grouping.

Great Times

Master multiplication with single-digit factors, up to 100! Fun, intuitive learning with various representations. Clever rhymes provide hints and strategies for mastering basics through grouping.

NUMTANGA

Numtanga Junior

NumTanga JR Card Deck is a fantastic resource for teaching numbers and fractions in multiple ways. It aligns with effective math teaching methods, fostering flexible thinking in students. Plus, it's enjoyable for them to play!

Numtanga Senior

Kits love playing the NumTanga SR Card Deck game! It's not only enjoyable but also helps build number sense and perseverance, focusing on subsets like Money, Fractions, and Measurements.

KAKOOMA

Kakooma Plus

Greg Tang's most popular game focuses on building fact fluency and accuracy! These double-sided multilevel cards are ideal for kids building fluency with 1 and 2 digit addition.

Kakooma Times

Greg Tang's most popular game focuses on building fact fluency and accuracy! These double-sided multilevel cards are ideal for kids building mental math skills with multiplication.
