SEWING & QUILTING PRODUCTS

Floriani Deluxe Thread Color Chart

Floriani Mixed

Our Mixed thread is a unique blend of two colors of threads creating a twist or mix of color. This produces a dynamic result for appliqué, embroidering animals or feathering effects for hair or quilting designs. Create your own "blend" by running two strands of thread through your machine at one time – be sure to use a Topstitch needle for best results!

Floriani Variegated

Floriani variegated thread is a luxurious 40 weight rayon. The thread graduates from one color to the next in random lengths. Beautiful for red-work designs, monograms and floral embroidery designs.

Floriani Polyester

Polyester embroidery thread has evolved into one of the most beautiful and most durable choices for the majority of embroidery projects. It is mostly color-fast, endures high speed stitching without breakage and is available in a huge variety of colors. This thread is ideal for baby clothing, towels and uniforms as it can be laundered repeatedly. Floriani polyester embroidery thread can even withstand bleaching!

Floriani Metallic

This beautiful thread produces exquisite stitching results. Floriani metallic embroidery thread is manufactured with a unique process to eliminate thread breakage which has been so common with metallics in years past. Our thread features a polyester core, it is then wrapped in metal and then finished with mylar. The result is smooth stitching and no need to use a specialty metallic needle!
