# Make a pet!

Make your own pet cat and dog! Simply print out this page, colour in the animals, then carefully cut along the dotted lines. Next fold along the fold lines on their bodies and stick the back of the heads onto the top part of the fold. Now all your need to do is give your pets names!

Share your creations with us! #tenderleaf

Top tip!
Stick your print out onto a card before cutting it out to make your pets super sturdy!
