

DAWN HOUSE®

Rise. Shine. Thrive.™

We're dedicated to supporting the health and wellness of our customers as they age, so they can greet every day with a renewed sense of vigor, vibrancy and possibility.

With more than 7 million adjustable bases sold throughout more than 30 countries, we're the largest worldwide manufacturer of adjustable bases.

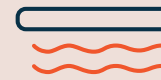

Head and foot articulation

Elevate the head or foot of the bed or raise both ends for the ultimate Zero-G positioning.

Adjustable bed height

Raise or lower mattress for ease in getting in, out of, or sitting on the bed.

Relaxation mode

Built-in oscillating motors promote relaxation, comfort and improved circulation.

Underbed lighting

Motion-activated LED lighting for better visibility in low-light settings.

Rise and wake

Set a time to gently raise the head of the bed as an alternative to an alarm clock.

Self-diagnostic tool

The bed can automatically run through its various functions to identify any issues and expedite technical service.

Health sensors

Passively monitor sleep cycles, vital health indicators and connect to the Dawn House Bed mobile app.

Anti-snore feature

Gently and automatically raise the head of the bed to alleviate the effects of snoring.

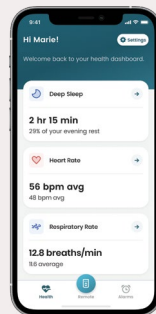

Have the kind of day most people only dream about.

Wireless Remote

- Ergonomic Design
- Soft Touch
