

## How to install caster wheels to Perfect Height bed.

1. Tip bed on side or upside down to install the caster wheels.

2. Find plastic glides. (Will be 4 on bed)

3. Remove plastic glides.

4. Lay large flat washer down around hole.

5. Remove wheel from axel.

6. Place axel on top of washer.

7. Place bolt and lock washer in hole and tighten.

8. Install wheel back to axel.

9. Repeat on remaining three casters.

10. Once all casters are installed place bed upright.
