For best results buy GHRP 2 peptides of the highest quality from GenX Peptides. For more information on GHRP-2 peptide please visit Pubmed. References & Product Citations

GHRP-2 5000MCG - 5MG VIAL 98%+ Purity GHRP-2 (Growth Hormone Releasing Peptide-2) is a hexapeptide which is considered a hormone secretagogue. The single polypeptide chain which is composed of six amino acids is a growth hormone releasing peptide. This peptide lacks opioid activity but is still a stimulator of GH release. GHRP-2 exhibits minimal to moderate side effects, low oral and excellent subcutaneous bioavailability in mice. Per kg dosage in mice does not scale to humans. GHRP-2 for sale at Peptide Sciences is limited to educational and scientific research only, not for human consumption. Only buy GHRP-2 if you are a licensed researcher.

\*The above data is based on the product molecular weight 817.99. Batch specific molecular weights may vary from batch to batch due to solvent of hydration, which will affect the solvent volumes required to prepare stock solutions. [have a peek at this website](#)

GHRP-2 and CJC-1295/Sermorelin (GRF Analogue interactions) GHRP-2 has no close ties with GHRH Peptides like CJC-1295 and Sermorelin due to it fact that it acts on different receptors. On the other hand, a more potent result is observed when GHRP-2 is administered alongside other GHRH like modified GRF 1-29 or CJC-1295 DAC. This peptide is a. Growth hormone-releasing peptide 2 (GHRP-2), usually called pralmorelin, is a peptide composed of 6 amino acids. GHRP-2 comes from a group of growth hormone stimulants found in the 1980s, which have actually been thoroughly examined for their result on development hormonal agent. GHRP-2, as well as ghrelin, have similar biological behaviours.

Buy GHRP-2 Peptide from Nootropic Source. 5mg Vial. Lyophilized Powder. Fast and free shipping on orders over \$150 (USA ONLY) Best & highest quality Nootropics, SARMS, Peptides, Sprays & More.
