We currently have two ways you can pay using your credit/debit card.

PayPal (Yes you can pay with your card via PayPal WITHOUT a PayPal account) and **PayGate**

With **PayPal**, it's straight forward, head over to page 3 for screenshots. You DO NOT need a PayPal account in order to use this method.

With **PayGate** you need to ensure you can receive an OTP (OTP stands for ONE-TIME-PIN) You'll receive a 6 digit code via SMS to your phone (The number registered with your bank) This code then needs to be entered on the website where you're making payment. It's simply an extra security measure that ensures that this is a legitimate transaction made by You (the card holder)
