

RUTH LEE™

MASS CASUALTY TRAINING MANIKIN

FOR PROFESSIONALS WHO SAVE LIVES

Ruth Lee Ltd is a family business whose core values revolve around the care of our employees, service to our customers and uncompromising product quality. We are proud to serve YOU, the dedicated professionals who make such a valuable contribution to society.

We employ highly skilled people and source the most durable materials to ensure our products meet the highest international standards.

Our manikins are designed to represent the correct anatomic weight distribution of a real person, and we offer a range of different models to suit every conceivable scenario. This ensures that your training is as realistic and as effective as possible; preparing you for all eventualities.

MASS CASUALTY TRAINING MANIKIN

IDEAL FOR THE FOLLOWING TRAINING SCENARIOS:

A very lightweight (approx. 4kg) and cost effective solution for large scale multi-agency exercises, where a large number of bodies or casualties are required for visual effect, rather than for rescue scenarios.

SPECIAL MATERIALS:

Water resistant P200 polyester carcass filled with flame retardant foam.

FEATURES & BENEFITS:

- Lightweight (approx. 4Kg) for easy handling and positioning.
- Tough enough to withstand being buried under concrete or steel lintels, driven over by a 4x4 vehicle, or dropped from a 2nd floor window without damage.
- Water repellent material, making it suitable for wet or foul scenarios such as HAZMAT/CBRN.
- Soft body joints to eliminate the risk of pinch welts and bruising; common injuries when using plastic bodied manikins.

AVAILABLE WEIGHTS & SIZES:

DESCRIPTION	MODEL CODE	HEIGHT (M)	WEIGHT (KG)	NATO STOCK #
Adult	RLMASS	1.8	Approx. 4	N/A

- An immobilisation/extrication collar can be fitted around the neck of our adult manikins to promote proper casualty care.
- Light enough to be placed in any situation easily, but will not blow away like inflatables!
- Can be folded or vacuum packed for easy storage and transportation.

NOT SUITED FOR:

- Use in temperatures above 100°C or flashover scenarios – See our Fire House manikin.
- Use in water – See our Water Rescue range.

OPTIONAL EXTRAS:

- Face mask and wig for a more human-like appearance.

EXTENSIVELY USED BY:

- All UK Fire & Rescue Services.
- Police, Ambulance/EMS/HART teams.
- Equivalent organisations across North & South America, Europe, Australia and Asia.
