PARTS IDENTIFICATION:

1. Red Light Spectacles
2. On/Off Button
3. Intensity Button
4. USB Charging Point
5. Red Light Pads

SAFETY GUIDELINES:

1. Please do not use if you have eye inflammation or conjunctivitis.
 2. Only for use on the eye area.
 3. We do not advise using this device if you are epileptic, photophobic, or light sensitive, if you are pregnant or have had skin cancer in the last 12 months, have undergone facial plastic surgery, have a metal implant, are pregnant, or if you are currently on your menstrual cycle.
 4. Do not use this product when wearing contact lenses.
 5. **DO NOT USE THE PRODUCT WITHOUT EYE CREAM OR SERUM.**
 6. For adult use only. Not intended for use by children. This is not a toy.
 7. Please wipe off any excess skin care products which may accumulate, to clean, wipe gently with a damp cloth or cleaning cloth provided.
 8. Avoid storing the STYLPRO™ Spec-tacular Glasses in hot, humid, or damp areas.
 9. If the STYLPRO™ Spec-tacular Glasses malfunctions or is damaged in any way, stop using it immediately. Contact STYLPRO™ CUSTOMER SERVICE (See section LIMITED TWO-YEAR WARRANTY for contact details).
 10. Use LED lights with care. Extended use and prolonged exposure of LED lights into the eyes may cause damage. LEDs are not replaceable.
 11. Do not use on sensitive, irritated or broken skin. Do not use on swollen or sunburnt skin or if you have any other skin conditions.
- CHARGING:**
 1. Insert the USB cable (provided) into the port at the bottom of the glasses. Attach to a USB friendly power source. While charging, the indicator lights will flash red. When the device is fully charged the indicator lights will turn green.

HOW TO USE:

Removal of any make-up is advisable before use.

1. Remove your makeup with an oil-free makeup remover or cleanser.
2. Apply your favourite serum to your under eye area. EMS is less effective on dry skin. Do not use the device without serum or if the serum has dried out on the skin.
3. Long press the On/Off button to turn on the device. You will see 1 red LED light turn on at the bottom of the device.
4. Short press the On/Off button to switch between EMS frequencies. There are 2 frequency settings, continuous and pulse.
5. To adjust the EMS intensity, short press the intensity button. There are 3 intensity settings. **ALWAYS START ON INTENSITY SETTING 1.**
6. Place the device on to your under eye area and relax. (If you do not feel any sensation at all, apply more serum to the skin and or press the device to the skin.)
7. Long press the On/Off button to turn off the device. Wipe the device clean with a slightly damp cloth.

THE DEVICE WILL AUTOMATICALLY TURN OFF AFTER A 10 MINUTE PERIOD.

IT IS NORMAL TO FEEL LIGHT ELECTRIC SHOCK SENSATION WHEN USING THE DEVICE. THE MORE MOIST THE SKIN, THE STRONGER THE FEELING. YOU SHOULD NOT FEEL DISCOMFORT OR PAIN. IF YOU DO THEN LOWER THE SETTING OR ADJUST THE GLASSES TO A MORE COMFORTABLE POSITION.

SAFETY INFORMATION :

Red Light products are not intended to diagnose, treat, cure, or prevent any disease. Our products are low-risk, general wellness / fitness products that do not require medical clearance. They are designed as "General Wellness" home use products only.

SAFETY CONSIDERATIONS:

- Use of a Red Light therapy device in any way other than those described in this manual voids the warranty and could result in serious injury.
- STYLPRO™ Spec-tacular Glasses are electrical devices. To avoid electric shock, adhere to the following safety considerations:
- Do not get your device wet or submerge your device in water.
 - Do not wash electrical parts with water or liquids.
 - Do not directly touch the device or switches with wet hands.
 - Do not pull, carry, or lift the device by its charging cord. If the charging cord is damaged, do not use the device.
 - Do not use the device if it has been dropped, left outside, or has encountered water or liquids.
 - Do not use on or near heated surfaces.
 - Do not modify, or attempt to modify or repair, this equipment. There are no user serviceable parts.
 - Do not use or store your device in hot temperatures that are or can exceed 54°C (130°F).
