# CUVÉE DES GRANDES POINTES

IGP VAUCLUSE

## THE STORY

Vaucluse comes from Latin "VALLIS CLAVSA", literally "closed valley". From the Roman settlement, it has been the garden of Provence thanks to its blowing Mistral wind, its sun and its multiple rivers.

At 350 meters high, in the piedmont of Ventoux, the "Giant of Provence", Domaine du Tix benefits from this pretty sun, but also from fresh nights and abundant morning dew. Its wines are an invitation to a voyage through wind, sun, pine and fig trees under cicadas buzzing.

## TASTING NOTES

A fresh and expressive Viognier, flavors of almond, white peach and apricot. Great minerality carried by a long finale.
