TASTING NOTES

Rose petal color. The nose is rich and intense and offers a blend of white pear fruit and flowers with subtle citrus notes. The palate is well balanced, the perfect mix of roundness, and freshness with an elegant fruity finish (strawberry, raspberry), very easy drinking.

WINEMAKING

From Organic grown grapes and only...

Grapes are picked at the coldest hours of the day, de-stemmed, and crushed before pressing (pneumatic press). The free-run juice and the best press juices are blended. The fruit aromas are developed using very low temperatures (stainless steel tanks equipped with an automatic cooling system) and a slow fermenting process.

FOOD PAIRING

Easy-drinking and well-balanced rose may pair well with any spring or summer dishes... Very refreshing with just some fruits or snacks at any time, it may pair well with salads, pizza, pasta, chicken dishes, grilled dishes, seafood. Best to serve between 47° to 54°F Enjoy!
