# Thermonet 200W/m<sup>2</sup> TDB Kits

For Installation In Screed Up To 50mm Thick

#### **Lifetime Warranty**

We are so confident in the quality of Thermoscreed Underfloor Heating that we give each cable a warranty that lasts a Lifetime with 3 year warranty on the Thermostat.

#### In Screed heating

Suitable for installation in screeds of 20mm to 50mm, and is recommended to be fixed to insulation boards.

#### Full self adhesive mesh

The self adhesive mesh speeds up installation by holding Thermonet matting to the substrate for easy self levelling and tile fixing.

#### **Heating cable protection**

Thermonet is installed wire-side-down which means the heating cable is protected from damage during installation by the hard wearing mesh layer.

#### Perfect for high heat loss applications

The high heat output of the 200Watt mats makes them perfect for rooms which are prone to high heat loss. This can be further reduced by adding a layer of insulation below the

### **Techinical Data**

Tiled floor finish 2 Flexible tile adhesive

Sand & cement screed

6 Flexibile tile adhesive Concrete substrate

4 Thermonet 200W/m<sup>2</sup> heating mat

5 Econoboard uncoated insulation board

Kit includes: Thermonet 200Wm2 Mat, Dual Control Thermostat (5246 Black), Floor Temperature Sensor, Sensor Conduit, Fixing Tape, Cable Monitor, Installation Guide & Warranty Form.

Width	500mm			
Heated Width	430mm			
Thickness	3.5mm			
Max. Temperature	28ºC*			
Protection Rating	IP68			
Warranty	Lifetime on heating mat			
Wattage	200W/m <sup>2</sup>			
Conductor Type	Single Ended			
Cold Tail Length	5m			
* Damilated by flaggers:				

<sup>\*</sup> Regulated by floor sensing thermostat

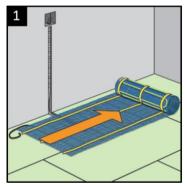

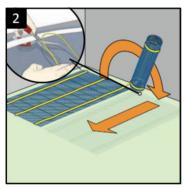

## **Installation Overview**

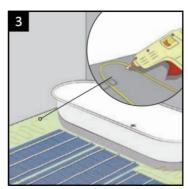

Thermonet electric underfloor heating mat is quick and easy to install. This overview gives a guide to the basics. Always read the instructions in full before attempting your own installation.

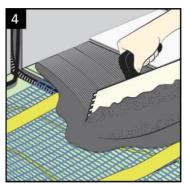

Roll out the mesh
The mesh should be laid wire side down

**Cut the mesh (not the cable)** Turn the mesh 180° and continue rolling

Loose run for irregular areas Remove the cable from the mesh, arrange and stick down

**Laying the tiles**Use a flexible tile adhesive to fix tiles straight over the heating

Thermonet electric underfloor heating mat is quick and easy to install. This overview gives a guide to the basics. Always read the instructions in full before attempting your own installation.
