Golf Course - Guidelines for the Public

WATCH OUT FOR FLYING BALLS

A player hitting a ball in the direction of a person shouts "FORE!"

If you hear the shout, crouch down with your back to the shout and protect your neck with your hands.

- 1. Tee-box** - Tee-box - May only be entered by players.
- 2. Fair-way** - The mown area between the tee and the green - may be crossed with caution.
- 3. Bunker** - Sandy area - may only be entered by players.
- 4. Water** - Lake or similar wet area.
- 5. Green** - Finely cut grass area around the hole. May only be entered by players.

The aim of golf is to hit the ball from the tee to the hole in as few strokes as possible. Afterwards, the ball is picked up and the players move on to the next tee. A golf shot can propel the ball at a considerable speed. Therefore, there is a risk associated with moving around a golf course. Golfers are instructed to be considerate of the public, and likewise, the public is encouraged to be considerate of the players.

For the convenience of the public, there may be designated seating areas with benches from which the game can be observed, or paths that are to be used. Dogs must be kept on a leash on the golf course. Traffic with horses, mopeds, and bicycles is not allowed on the course itself but may be permitted on designated paths.
