Thank you for your interest in becoming a wholesaler of Anindilyakwa Arts.

## ABOUT US:

Anindilyakwa Arts is a thriving hub of creativity located on the Groote Eylandt Archipelago in the Gulf of Carpentaria in the Northern Territory. The Warnamamalya-led creative program encourages revitalisation of traditional creative practices, in addition to contemporary art disciplines that span fibre, paper and wood mediums.

Our artists specialise in a variety of traditional and contemporary indigenous creative practices. The Men focus on bark paintings, carvings, yiraka (digeridoo's) and screen prints. While the Women produce a variety of pandanus and ghost net weavings, prints, jewellery and bush dyed silks.
