NORTH AMERICAN DATES ANNOUNCED
EUROPEAN TOUR IN SEPTEMBER & OCTOBER

August 22, 2023 -- **Soen** have released the piercing new single, "**Violence**," which is taken from their forthcoming album **Memorial**, set for release on September 1 via Silver Lining Music. For pre-orders go to [this location](#). It will be available as a Deluxe CD, 12" Vinyl Album in Black and color variants, digital formats and special D2C products and bundles.

Founding member and singer **Joel Ekelöf** comments, "*Violence touches the topic of coercion, whether it is physical or mental. Violence can sometimes be delivered very cautiously in ways that don't give room for a reaction, but with the passing of time will destroy your confidence and self-regard.*"

The new track is as biting and abrasive as its theme along with a melodic grace that transcends across the whole of the new album.

"*It's a different song for us musically speaking, it's very direct and full of darkness and anger.*" Adds co-founding member and drummer **Martin Lopez**.

The new single follows the release of the ferocious war inspired title track '[Memorial](#)' and the hard hitting '[Unbreakable](#)'.

Never ones to take the restrained path, **Soen** face down the ills and ways of current society with a crisp, wounded venom that betrays their pain, anger and frustrations. Each guitar carries a greater serrated edge, each melody a richer heart, each lyric a soul and spleen venting definitive proclamation. At the same time, **Soen's** unique blend of progression, aggression, and beauty shows more maturity than ever before.

Soen have been building up to this moment for years and now they're here with **Memorial**, which is an inspiring modern hard rock classic.

Following their incredible performances at this year's summer festivals across Europe, **Soen**, completed by **Lars Enok Åhlund** (Keyboards and Guitar), **Oleksii 'Zlatoyar' Kobel** (Bass) and **Cody Ford** (Lead Guitar), will be heading out on their '**Memorial**' European tour, which will kick off in September in Odense, Denmark.

Today the band are excited to announce twenty-five new dates seeing them bring **Memorial** to the United States, Canada and Mexico. The tour will kick-off in May 2024 in Chicago, Illinois. Fan exclusive 48-hour pre-sale available from August 23rd 3pm EST. General on sale available from August 25th 3pm EST.
