

Please answer these questions before placing your order. These questions will appear before placing the item in your cart.

Important: Remove the existing intercom and any adapter plates before taking measurements.

- Is there an existing mounting hole in the glass or barrier? **Yes or No?**
- If yes, measure the diameter of the hole in the glass.

Measure diameter to nearest 1/8th inch

- With the intercom removed, what is the thickness of the glass or barrier? **Measure to nearest 1/8th inch.**
- Do you require bullet resistance? **Yes or No?**
- Is there a shutter, shade or mini-blinds on the inside of window frame? **Yes or No?**
- How many units do you plan to purchase? **Quantity**
- How soon do you plan to purchase? **Date**

If you have any questions, we'll be happy to help.
