407/206L SERIES

407/206L SERIES

Bell Helicopter

Perform air medical and utility missions with unique custom-made landing gear solutions. Increase your operational safety with DART's emergency flotation systems and cable cutters wherever your missions take you. Bringing value-added solutions is our commitment.

FEATURED PRODUCTS

1 Air medical custom crosstubes

Custom Mid-Height Solution developed with EMS operators to ease patient loading.

- Reduced risk of medic back injuries
- Over 20 lbs (9 kg) lighter and 5" (13 cm) lower than high gear
- No Heli-Access-Steps required
- Compatible with DART and OEM skid tubes
- Custom paint finishes available

TUNE UP

2 Tri-Bag™ emergency float system with integrated liferafts

Offers external liferafts for added safety during overwater missions and Tri-Bag™ float design for better buoyancy and safe salvage operations.

- Significant weight reduction over OEM
- Cabin space savings with integrated liferafts
- Longer maintenance intervals
- Automatic electrical inflation upgrade available
- Also available without liferafts
- Care Program available

GEAR UP

3 Skid tubes with heavy duty wearplates

Comes equipped with the rugged, patented Round-I-Beam™, pre-drilled holes for float installation and the toughest skid tube protection available, the DART heavy duty wearplates.

- Innovative thru-bolt full length stainless steel wearplates
- Heavy duty tungsten carbide welds
- Best skid tube option for the most abusive conditions
- Custom paint finishes available
- Float compatible variant available

TUNE UP

4 Fire attack system

Proven, high capacity, firefighting kit for the Bell 407/206L.

- Day/Night VFR approved
- Cockpit controlled selectable drop pattern and foam percentage
- Belly-mounted, carbon fiberglass composite tank
- 1 or 2-door salvo drop
- FAA, DGAC, ANAC certified
- One size available: 253USG/955L

GEAR UP

5 Cargo basket

Ideal for utility and heli-ski missions, DART's quick release cargo basket can be removed in seconds.

- Stainless steel, or lightweight alloy steel variants available.
- Variety of sizes to match your requirement
- Handles designed to prevent accidental opening in flight

GEAR UP

6 Agricultural spray system

High capacity, electric driven agricultural spray system for the for Bell 407/206L.

- Forward mounted, removable aluminum booms
- FAA, TC, ANAC, CAAC, DGAC certified
- Optional boom extensions increase width to 9 meters (32ft)
- 1/4-inch NPT nozzle and atomizer compatible
- Jettison door for emergency drop and tank clean-out
- GPS navigation and flow control system compatible

GEAR UP

7 Cable cutter system

Prevent possible wire or cable strike on flight controls.

- Added safety
- Lowest acquisition cost and shortest lead time
- Includes upper, lower cutters & wiper deflector
- Industrial cutting blades with combined tensile strength of 14,000 lbs (6,350 kg)

GEAR UP

8 Tools & Ground Support Equipment

Work with DART 3,500 maintenance tools and equipment

- Field Maintenance kit
- Target to ship within 24 hrs
- OEM level quality
- Reduced acquisition cost over OEM
